

Energy label generator guideline

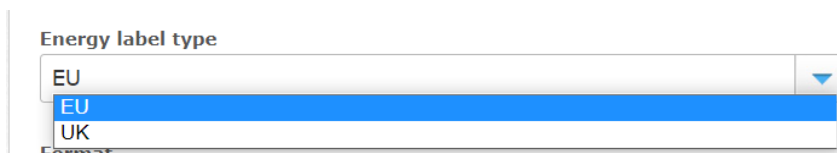

You can download the energy efficiency labels of our built-in LED lamps, lightsources and lamps with added lightsources from the Rabalux Energy label generator.

The screenshot shows the Rabalux website interface for downloading energy labels. The header includes the Rabalux logo and a 'Welcome to Rabalux!' message. Below the header is a row of flags representing various countries. The main content area is titled '2019/2015 EU REGULATION - DOWNLOAD ENERGY LABELS' and includes a 'Help' link. The form is divided into several sections: 'With article number', 'Energy label type' (with a dropdown menu set to 'EU'), 'Format' (with a dropdown menu set to 'JPG'), 'Implementation' (with a dropdown menu set to 'Portrait'), and 'A4' (with a dropdown menu set to 'A4'). There is also a text input field for 'Article numbers (max. 2500)' and a 'DOWNLOAD' button at the bottom.

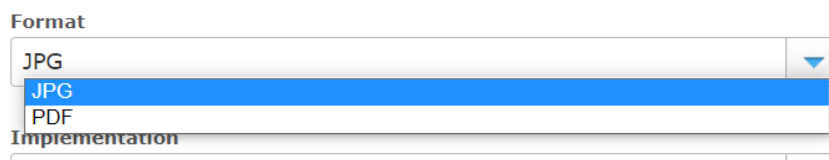

You can download of the energy labels (regulations EU2019 / 2015 and EU2019 / 2020) from the the energy label generator site.

Firstly, you should choose the type of the energy label: EU or UK.

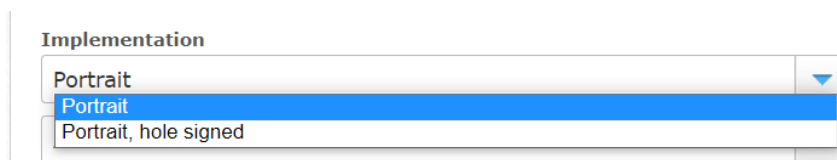

This image shows a close-up of the 'Energy label type' dropdown menu. The menu is open, showing two options: 'EU' and 'UK'. The 'EU' option is currently selected and highlighted in blue.

The energylabels can be downloaded in two formats (JPG / PDF), in a vertical layout one by one or multiple ones arranged on A4 sheet.

This image shows a close-up of the 'Format' dropdown menu. The menu is open, showing two options: 'JPG' and 'PDF'. The 'JPG' option is currently selected and highlighted in blue.

Format

This image shows a close-up of the 'Implementation' dropdown menu. The menu is open, showing two options: 'Portrait' and 'Portrait, hole signed'. The 'Portrait' option is currently selected and highlighted in blue.
